

World leader in vehicle  
de-pollution technology

## SEDA TiltingLift TL-1 1800 N-527512-H

The SEDA TiltingLift TL-1 1800 is a further development of the SEDA TiltingRamp with a special lifting feature. This system moves the car, not the worker.

### Your benefits:

- ✓ For easy and ergonomic working on car bottom
- ✓ Steplessly variable 90° rotation
- ✓ Available with or without lifting feature (lifting height 1800 mm)
- ✓ Hydraulic control system
- ✓ Rugged and robust
- ✓ High quality steel construction

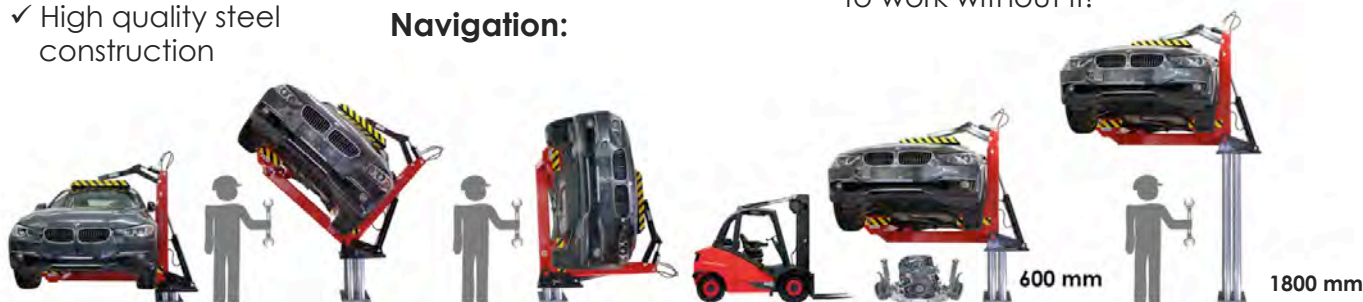

It is easy to place a car with a forklift on the system. Than a hydraulic safety arm fixes the vehicle. The fixing arm can be adapted by various optional plug-in devices for all popular car models.

Afterwards the car is ready to turn 90° in order to help a worker to stand upright and work on the car bottom easily.

Furthermore it is possible to lift the car up to 1800 mm.

This unit offers a safe and efficient dismantling of ELVs. Once tried you will never want to work without it!

## SEDA TiltingLift TL-1 1800

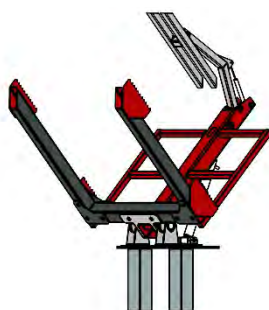

N-527512-H

### Dismantling

1

TiltingLift 1800 (H-fork)

2

TiltingLift 1800 (U-fork)

3

TiltingRamp (H-fork)

4

TiltingRamp (U-fork)

Especially for dismantling of engines and transmissions the SEDA TiltingLift TL-1 1800 is an ideal tool. E.g. if the car is in a titled position you can undo all relevant fixings, lift the car when done and remove the engine in an easy way.

### + Your benefits:

Fast turning in  
15 seconds

Infinitely 90°  
rotation for  
ergonomic  
working on the  
vehicle floor

Upper fixing arm  
for more safety

2 fork versions  
available  
(H-/U-fork)

4 long strong  
forks with safety  
holding system

Top quality steel,  
professional  
welded

Powerful  
hydraulic  
aggregate

Lifting feature for an  
easy removing of  
engines and  
transmissions

Compact size

#### TECHNICAL DETAILS

Lifting height:	up to 1800 mm
Control system:	hydraulic
Loading capacity:	3.500 kg
Engine power:	3 kW
Oil filling quantity:	39 liter
Power supply:	400 V
Dimension TiltingLift:	1.5 x 2.6 x 2.5 m
Required space:	6.0 x 6.0 x 4.5 m

#### ORDER INFORMATION
