

World leader in vehicle  
de-pollution technology

## SEDA MDS2 Platform JumboLine

A-528197

Heavy duty version also  
available

### Your benefits:

- Mobile complete solution
- High safety standard with CE and ATEX certification
- Compact design
- Integrated pumps
- Robust platform
- Galvanized safety gratings

### Mobile Depollution System

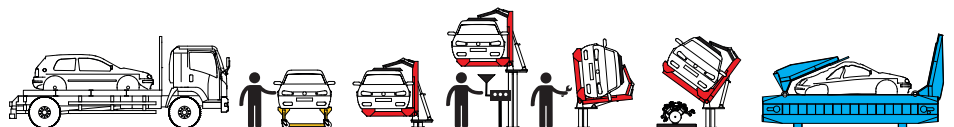

- Integrated removal system for all fluids
- SEDA Vehicle ramp JumboLine installed on a galvanized platform
- Quality control unit for correct fuel selection
- Built in fuel and oil filters
- Tank drilling device on the swing arm with gas pressure assisted height adjustment for petrol and diesel removal
- Mounted swing arm with pneumatic height adjustable double funnels for waste oil for the removal of waste oil
- Compressed air connection on hose reel
- Coolant connection on hose reel, complete with coolant lance/spike

- Windscreen washer connection on hose reel, complete with suction lance
- Brake fluid vacuum kuli including hoses and connections
- Air line lubricator and water separator unit

Leading Company  
of Austria

de-pollution technology

## SEDA MDS2 Platform JumboLine

A-528197

Optional vehicle lifting device

Quality control

Built in hose reels

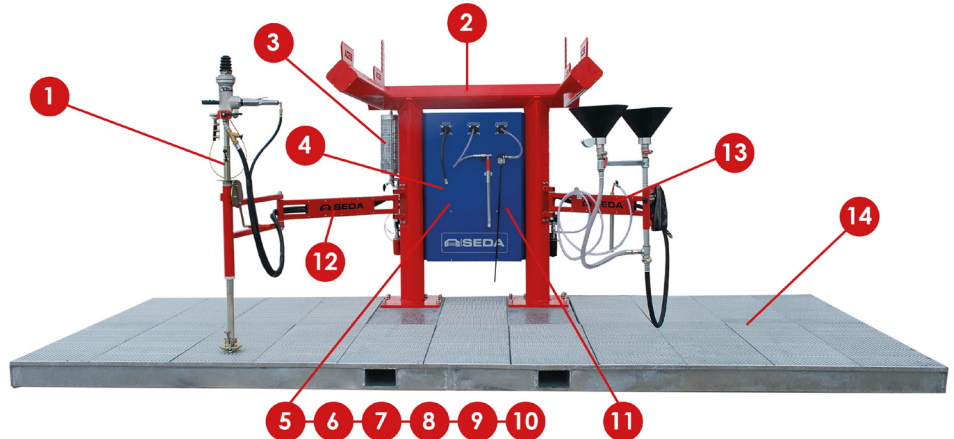

Manometer

Leading Company  
of Austria

## Mobile Depollution System

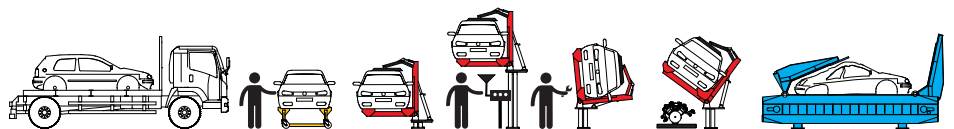

- 1 - Tank drilling machine H.D.
- 2 - Vehicle ramp JumboLine
- 3 - Fuel quality control unit
- 4 - Fuel on / off control unit
- 5-9 - Double diaphragm pumps for Petrol, Diesel, Oil, Coolant fluid, and windscreenwater
- 10 - Vacuum kuli for brake fluid
- 11 - Steel housing for pumps, tools, hose reels and filters
- 12 - Swing arm for tank drill
- 13 - Swing arm for waste oil with double rubber funnel unit
- 14 - Steel platform zinc coated with safety gratings

### ORDER INFORMATION

**A-528197** SEDA MDS2 platform JumboLine  
**OPTIONAL ACCESSORIES:**  
**N-527621-ZP** Additional platform (5008 x 561 x 173 mm)  
**N-51128** Lifting device  
**N-528195** TPF5 tank platform with storage tanks for petrol, diesel, waste oil, washer fluid and coolant

### TECHNICAL DETAILS

**Air pressure:** 8,5 bar – 1.350 l/min  
**Suction power:** Petrol/diesel  
 Waste oil  
 Coolant  
 Washer fluid  
 Brake fluid  
**Size:** 6,5 x 2,5 x 2,4 metre  
**Weight:** 4.000 kg
